Funding Update

The Committee (Narelle, Robyn & Marlene) attended a very informative Forum organised by Marty Hunt, Member for Nicklin. We gained a great deal of insight and information in regard to getting Naradell up & running as well as some valuable contacts with other organisations and the Sunshine Coast Council.

We are working hard putting together a Project Proposal as the basis for funding applications.

Start-up funding will be the first task to cover items such as printing costs, computer, accounting software, liability insurance, web-hosting fees etc.

We are exploring all avenues of funding - Local, State & Federal Govt grants, Corporate Sponsors, Foundations as well as general donations and fundraising.

Website

We are pleased to announce that our web address is now registered, naradell.org.au, although it is not yet available as the design and content is the next step.

In order to use the "org.au" designation we had to undergo a slightly more involved process than is usual in setting up a website and it was therefore great news to receive confirmation of approval.

Community Support

A very important component of funding applications is providing evidence that there is community support for the project.

We invite all who are interested to complete our Membership Form. If you are not already in contact with one of the Committee Members, you can email us at the address shown below requesting a Membership Form.

For those who, for various reasons, do not wish to become a Member but who do support the Naradell project, we have prepared a Project Support form. Please email us if you would like a Support form.

As soon as funding permits we will have a mobile phone no for convenient contact.

Committee

Catchphrase

Have you noticed our catchphrase now included in the heading?
These lovely words came from our Chairperson, Narelle.

The stronger the winds the deeper the roots and the longer the winds the more beautiful the tree.
